

Smoking & Vaping Policy

I provide a smoke- and vape-free environment for all children in my care.

I, and my family, do not smoke or vape.

I will ensure that:

- No one smokes, vapes or uses e-cigarettes in or on the premises when children are present or about to be present.
- No one smokes, vapes or uses e-cigarettes in any room or area used by the children.
- I will take reasonable steps to protect children from exposure to smoke or vapour when we are away from my setting, including on outings and in public places.
- If I become aware that someone is smoking or vaping in an area where children are present, I will take appropriate action to move the children away from the smoke or vapour and, where appropriate, ask the person to stop.
- Smoking or vaping will not be permitted in any vehicle used to transport children in my care.

I will consider relevant Department for Health and Social Care guidance on smoking and vaping in public places and workplaces.

This policy will be regularly reviewed to ensure it remains in line with current EYFS requirements and relevant guidance.
